

A Swedish compostable and biodegradable product

- 1** Disposable protective sheet. Effective protection of bed and bedlinen against body liquids.
- 2** Suitable for operation theatres, emergency cares, ambulances. Also convenient to bring when travelling or on holiday.
- 3** The tissue absorbs the fluid in an effective way and the film prevents leakage. Produced with breathable materials.
- 4** Very soft, highly absorbent and strong. With leakage barriers for higher security.
- 5** One layer of highly absorbent Scandinavian tissue and one layer of film, that works as a barrier.
- 6** The product is made from natural materials, which makes it fully compostable and biodegradable.
- 7** FSC certified. This ensures that the forest is produced sustainably and during good working conditions.
- 8** Production in Sweden with locally sourced raw materials, which ensures short transport distances.
