

*A Swedish compostable and biodegradable product*

- 1** Disposable bib, ideal and hygienic as protection against liquids. Effectively protects the patient.
- 2** Easily applied. The neck-tie ensures a secure fit.
- 3** Stays well in place. Suitable for “fidgety” patients.
- 4** Welded and reversible pocket for optimal collection of liquids and food.
- 5** One layer of highly absorbent Scandinavian tissue and one layer of film, that works as a barrier.
- 6** The product is made from natural materials, which makes it fully compostable and biodegradable.
- 7** FSC certified. This ensures that the forest is produced sustainably and during good working conditions.
- 8** Production in Sweden with locally sourced raw materials, which ensures short transport distances.
