

Ideal and hygienic as protection against liquids

1 Ideal and hygienic as protection against liquids.

4 Fast and excellent absorption abilities thanks to high-quality airlaid. 100% virgin fibers.

6 Supplied in plain sheets.

2 To be used when sampling, making wound changes, protection of medical instruments etc.

5 Strong, resilient and liquid safe, thanks to high-quality transparent PE-film (polyethylene).

7 Produced in Sweden.

3 One layer airlaid and one layer of PE-film, where the film is working as liquid barrier.
