

Ideal and hygienic as protection against liquids

1

Ideal and hygienic as protection against liquids.

4

Fast and excellent absorption abilities thanks to high-quality tissue. 100% virgin fibers.

6

Supplied in plain sheets.

2

To be used when sampling, making wound changes, protection of medical instruments etc.

5

Strong, resilient and liquid safe, thanks to high-quality blue PE-film (polyethylene).

7

Produced in Sweden.

3

One layer tissue and one layer PE-film, where the film is working as liquid barrier.
